Help Needed in Little League

TO PARENTS AND INTERESTED PERSONS:

As you well know, another season of Little League is underway for all boys in Crawford County in 8-12 age group. This involves approximately 120 boys.

To run a program such as this, with so many of our children involved takes all of our support, not just a few people carrying the load.

We need your help in various capacities, such as, official scorers, umpires, grounds keepers, managers, etc. for major and minor league teams.

Before you say you haven't the time or, you don't want to become involved, ask this question. What more important investment do we have than our children? Can't you spare two hours a week for the youth of Crawford County?

Won't you volunteer your services and support to the Little League to insure another successful season?

Phone or contact Jim Duley, 348-9120; Harold Golnick, 348-9418 or David Hanson 348-5441. Little League needs you!

Sportsman's Club Plans Expansion

The Grayling Sportsman's Club plans to install a second trap and skeet field. Because of the growing demand for clay target shooting the club feels the need for expansion has come.

More shooters and more shoots are in the sights for the club. The club is also now a member of the National Rifle Association.

In recent state-wide competition — shooting, Bill Schramm broke 97-100 registered targets for a 1st place, with Phil Miller, Curly and Duane LaMotte breaking 95's to share second place in honors. And a week later Curly LaMotte broke 100 straight targets, beating competition from all over the state. Curly has been shooting only about a year. At Wednesday night's practice shoot Keith Cornyer from Mio shot his first 25 straight at skeet in 3 years, then went on and broke 25 more for his first 50 straight ever.

Carol Miller broke four out of 25 at skeet with a .12 gauge which isn't bad for a beginner. Sigret Schramm broke 17 at skeet with a .410 and Arnold Hubbell still hasn't got his 25 straight, missing his 23rd target.

If you like to shoot, the Sportsman's Club invites you to come on out. Free instruction if desired. Shooting is on Wednesdays at 6 and Sundays at 12 noon.

FAY'S MOTEL HAS NEW OWNERS

Mr. and Mrs. Frank Foster have sold Fay's Motel to Mr. and Mrs. G. Vernon Hoag from Springport, Michigan, effective June 3. The Hoags took over management of the motel June 10. Mr. and Mrs. Foster left June 11 for their farm home near Mason to retire. They had purchased the motel from Ralph and Clara Shepherd about four and a half years ago.

Mr. and Mrs. Hoag and three sons, Gary, 8, Richard, 6, and Michael, 5, attend the Methodist church and plan to be active in community affairs. Hoag was a group leader at Union Steel in Albion before coming here. He was with the Michigan National Guard and spent nine summers here. His family came to and became acquainted with the area and liked it well enough to become citizens.

Arthur Thayer To Teach at Naval Academy

Lieutenant Commander Arthur Thayer, Principal of the Crawford-AuSable Elementary School in Grayling, and commanding officer of Naval Reserve Surface Division 9-167, Cadillac, has been selected to teach at the U. S. Naval Academy at Annapolis, Maryland, this summer. He is to report to the Academy June 16 and will be there until August 30.

During this time the regular students will be making Midshipman Cruises aboard Navy ships but next fall's freshmen, or plebe class, will report about July 1. Reserve officer candidates from colleges all over the United States will also be there for eight weeks of training.

Lcdr. Thayer's family will not accompany him to Annapolis. Julie will spend most of the summer in Rio de Janeiro, Brazil, as an exchange student. Mrs. Thayer, Sherrill and April will stay in Grayling.

Thayer entered the Navy as an apprentice seaman in the Seabees in World War II and was stationed in Virginia, Rhode Island, Illinois, California and Hawaii. He received his commission while attending college in 1948. Last September he completed his 20 years of satisfactory reserve service and is now eligible for retirement at age 60.

Lcdr. Thayer is active in educator circles, having served this year as president of the Northern Michigan Elementary Principals' Association and vice-president of the Congress of Michigan School Administrators' Association. He has been elected president of the Congress for next year. The Congress is the state-wide confederation of state associations for school superintendents, high school principals, elementary principals and school business officials.

Crawford County Recreational Activities

Canoeing and canoe-camping with warm, summer weather is a primary activity on the canoeing trails of Crawford County. With 125 miles of canoeing water in the county, one can spend hours or days using the rivers as a highway through the forests and meadows. Stream temperatures have risen and water levels are stable. Insects are at a maximum, so bring repellents.

Evening trout fishing has come into its own, with fine hatches of Brown Drakes, Robert's Yellow Drakes, and Stone Flies providing tempting meals for the Brown Trout. Best bet is from 6:00 until midnight.

There has been some evidence of green worms and fishermen should watch this stream activity. Wakeley's Yellow Bug will be the fly to use if worms come on.

Pan fishermen are finding good Bluegill and Perch fishing on Lake Margrethe, KP Lake, and Hardgrove Lake.

Crawford County visitors should not overlook nature trails and guided nature lectures at Hartwick Pines State Park. A call to Hartwick Pines will give you the time of lectures.

Area District Qualifies for E.D.A. Help

The District includes Antrim, Leelanau, Manistee, Missaukee and Wexford. Designation of these counties as re-development areas is on the basis of high persistent unemployment. The current average in the 11 counties is 7.2 percent as contrasted with National average of 3.5 percent.

O. E. S. GRAND FAMILY MEET HERE

The Hiller-Wiseman O. E. S. Grand Family of 1966-67 enjoyed a delightful weekend in the Grayling area May 25 and 26. It was the occasion of their first annual meeting and "fun fest." Saturday afternoon was a time of reunions and fond greetings as each car arrived at the cottage of "Mom" and "Pop," Bernice Hiller, Past-Grand-Matron and her husband, Harvey, and Kenneth Wiseman, Past-Grand Patron and his wife, Nellie. All were housed in the Wheeler Cottages at Eagle Point on Lake Margrethe.

Saturday evening found everyone wending their way out the Military Road to a charming old school house named "Forsaken Acres," but Grayling folks will remember it as the Beaver Creek School. It is now owned by Claude and Muriel Sloan who so graciously allowed the use of this unusual facility for a get-together and buffet dinner.

Dottie and Olle Williamson planned the "School Days" party well. The room was decorated with two trees, one on either side of the blackboard. Decorating the branches of one of the trees were pin-cushion hats in a rainbow of colors; on the other were colorful cone-shaped hats topped with assorted suckers. Baskets of stick candy were placed about the room. Centerpieces on the dinner tables were an assortment of table favors from the various receptions held during the past year for the Hiller-Wiseman Grand Family members. It was great fun picking out the individual favors and bringing to mind fond memories of evenings spent with members in their chapters.

A delicious dinner was served to 46 members (several more couples-arrived later). After dinner, each chose a hat from the tree as a memento of the evening.

President Dottie Williamson called for a short business meeting, at which time the following officers were elected: Mrs. Gladys Colgan, president; Mrs. Agnes Moran, vice-president; Mrs. Sue Martin, secretary-treasurer. These new officers will take office at the fall get-together in Grand Rapids.

What a colorful picture the group presented in "school days" clothes and hats as they performed in singing skits and "re-suscitations" which School Marm, Joan Streeter (she's from Durand) had planned for entertainment. There was talent in the group's midst which had never been known to exist before. The evening ended on a pleasant note with Harry Colgan showing slide-pictures taken at various gatherings during the year.

Sunday noon found the entire party gathered at Dunk's Inn for a famous Lumberjack's Breakfast, after which all reluctantly started on their various ways toward home, but not before deciding to return to Grayling for a replay next year. All parts of the state were represented in this happy gathering, including the Harvey Hillers, St. Clair Shores; Kenneth Wisemans, Trenton; Goebel Kellys, Lake Orion; Wm. Morans, Pigeon; Wm. D. Lyons, East Tawas; Wm. Mattsons, Sault Ste. Marie; Keith Streeters, Durand; Don Bartons and Andy Holmstroms, Utica;

Robert Martins, Clio; Harry Colgans, Livonia; Leonard Rouses, Leslie; Clare Hazels, Detroit; Ben Bachs, Fruitport; Dale Focklers, Lake City; John Ways, Lansing; Van Hoags, St. Johns; Paul Ellolas, Houghton; Wid Martins, Allen Park; Ed. Germalms, Monroe; Bob Lees, Onaway; Don Sowards, Horton; Warren Assmans, Mt. Pleasant; Lester Terrys, Mt. Clemens; Art Matthews, Olle Williamsons, Grayling; Mrs. Mary Malacos, Dearborn Heights and Mrs. Lois Musolf, Osceola.

TWILIGHT TWIRLERS

Fourteen Twirlers marched in the Memorial Day parade, with Marcia Gallagher as leader. The Twirlers are getting ready to go to Mackinac Island June 15 and 16. Twelve girls and three chaperones will spend the weekend, with the junior girls coming for the parade. The girls are now selling chocolate bars to raise funds for this project.

A trip down the AuSable is planned this summer, plus a family picnic at the lake, and a possible weekend at Burt Lake. The Twirlers have been invited to march in the East Jordan Valley Festival parade July 6. Other parades are in the planning stage.

IRIS SHOW SCHEDULED

The Mio Irisarians in cooperation with the American Iris Society will present their 24th consecutive, annual Iris Show on Sunday, June 16, 1968 from 2 to 6 p.m. at the Mio AuSable School in Mio.

Competition is not limited to members only. Interested persons are encouraged to enter the artistic arrangement section, or those having named varieties of iris may enter specimen stalks. All entries must be the product of the exhibitor, and entered by 10 a.m. when judging will begin at 11 a.m.

This is the oldest approved AIS show in the U.S. or Canada — a truly unusual exhibit of iris and a picturesque arrangement and educational section.

The Cabbage Handbell Ringers of Wesley Methodist Church, Dover, Delaware, will perform at the Michelson Memorial Church on Tuesday, June 18, at 8 p.m. The 14 high school persons who compose the group's personnel are touring the states of Pennsylvania, Ohio, Michigan, Burlington and Haliburton, Ontario, and returning to Dover by way of Niagara Falls, with performances in Erie and DuBois, Pa.

The repertoire includes both sacred and secular literature, permitting the group to play for civic and religious organizations. "Moon River," "The Sound of Music," "My Favorite Things," and "When the Saints Go Marching in," along with classical compositions and hymn tunes (as recorded on "Bell Potpourri") are included in this year's tour repertoire.

The Cabbage Ringers have achieved distinction in Delaware and its neighboring states. They have performed at the 25th Anniversary of the founding of Dover and have been invited to perform in the 1968 Pageant of Peace at the White House, Washington, D.C. Last summer the ringers toured 13 southeastern and southwestern states and played for the national festival of the American Guild of English Handbell Ringers which met in Dallas.

The original set of 25 handbells used by the Cabbage Ringers was donated to Wesley Church as a memorial to Mr. and Mrs. J. Norman Cabbage by their family. During the summer of 1967 the bell ringers were the recipients of an additional set of 12 bells, thus providing a full three octave chromatic set. At Wesley Methodist Church the bell group rings for the regularly scheduled hours of worship, where they share the ministry of music with nine other choirs, all under the direction of Thomas C. Flynn, a graduate of Westminster Choir College, Princeton, New Jersey, who also serves as church organist.

Keep It Beautiful

If America hired people for the job, it would take the largest sort of army to keep our country free of litter.

But there's no need to hire anyone. It's a job we can do for ourselves. All of us. Every family that spreads a picnic lunch. Every boatman who cruises the lakes and waterways. Every motorist who uses our roads and highways.

It is the pleasure of the U. S. Brewers Association each year to give its fullest support to the Keep America Beautiful Campaign. Remember: Every Litter Bit Hurts. This is our land. Let's treat it right.

Flag Day 1968

The calendar tells us that we soon will be celebrating Flag Day. This year it falls on June 14. Every U.S. citizen should be proud to look upon the American flag as the greatest national symbol unfurled from any standard. It represents a reformed on the unprecedented principle that owners of government are derived from the people. The U.S. flag exalts the individual and the constitutional guarantees which preserve his freedom. It represents a people that have been generous, and creative. It is the symbol of freedom from political oppression, of opportunity to make a life to which the oppressed of all nations have clung with hope and been fulfilled.

Flag Day is a good time to get back to basics. Recognize that a tingling up your spine when stars and stripes go by is one of the surest signs of the vitality and genius of this nation and its ability to achieve great things on the stage of history. Despite our mechanized, computerized society, the fact remains that nothing having to do with human endeavor rests on an intangible quality of spirit in the individuals, and the same is true of nations.

The greatness of the United States is based on the spirit of her people. Let us remember in these celebrated days of our history, there is much needed patriotic spirit, deeply felt and clearly shown.

CROSSWORD PUZZLE
Puzzle No. 1025

WASHINGTON AND Small Business
BY C. WILSON HARDER
Revolution in Hampshire
To make democracy work, it is necessary to work for democratic procedures.
This is the object lesson served up by what might be termed the New Hampshire revolution.
While there have been all kinds of so called youth protests taking the form of draft card burnings, sit-ins, looting, rioting and other forms, these have largely been engendered by the hippie class... that strange contingent across the land whose major protest seems to be the small boy one against soap and water.
But there is another example, and that is the clean cut young people who decided to make their protest through the means provided for in a democracy.
They just went to work licking postage stamps, trudging through the snows of New Hampshire, ringing doorbells, arranging meetings, and when the flurry had cleared the results of the balloting showed they had succeeded, despite all the experts saying they did not have a chance.
In fact, their revolution in New Hampshire upset the pleasant of an established regime that was felt to be invulnerable and created a new order among the ranks of the barons who had already laid it on the line in support of the National Federation of Independent Business.
existing regime.
These comments are not to be construed as taking a position either on the champion the young people rallied behind nor even of the position they have taken on various issues.
What is important is that these young, political amateurs, working on meager funds, are defying entrenched power, rolled up their sleeves and went to work with democratic procedures for what they believe is justified.
One thing they had going for them was ignorance. They were apparently ignorant of the fact that results could not be accomplished in the manner they set about to accomplish them.
Yet, the results of their efforts were heard around the world.
And in these days when there are so many apologists for youth burning, destroying, disrupting society on the grounds they are making a social protest, the New Hampshire example is most encouraging.
Because it does establish the fact that among the nation's young people today there is a strong belief in democracy, the feeling that the means provided in the American democracy to reach peaceful redress among the ranks of the barons who had already laid it on the line in support of the National Federation of Independent Business.

I BET YOU DIDN'T KNOW

By Bill Schoor

What was the shortest home run ever hit? In a minor league game some years ago, a batter hit the ball a few inches in front of the plate. The umpire called it fair, but the pitcher and catcher thought the ball hit off the batter's foot before rolling in front of the plate, which would have made it foul. They stood and argued with the umpire, the ball resting six inches from home, while the batter raced around the bases and crossed the plate — with what turned out to be the shortest home-run of all time!

We take night baseball for granted these days — but, do you know when the very first night game in the major leagues was played? It was in 1895, at Crosley Field, Cincinnati. Then, surprisingly, it was three more years till another park put in lights. The second big league field to be equipped for night baseball was old Ebbets Field, Brooklyn, in 1898.

More and more ex-Little Leaguers have now grown up and are playing major league ball — but, do you know who was the first boy in history to play Little League baseball and then go to the big leagues? The first boy to graduate from the Little Leaguers to the majors was pitcher Joey Jay when he broke in with the Braves in 1953.

MOOSE NEWS

We're glad to see most of our members out of the hospital. Frank Owens is out but Les Owens is in. We understand Bill Higbee is in Vets Hospital and just got out of Mercy Hospital a few days previous.

Our sympathies to the Duke Henning family in the loss of their loved one.

At the meeting Friday evening, Jim Bigham was presented with a dues receipt for one year, for his efforts in a recent campaign.

Homer King has been doing a very faithful job in supervising the remodeling of the basement and it's really going to look nice when finished. Some members have put some hard work into it. We hope the rest of the membership appreciate it when it is finished.

Saturday our own degree team, enrolled two new members into the lodge. Butch Foster did the Junior Governor part without ever even practicing for it and did a real good job.

On Saturday, June 22, the lodge will sponsor an auction sale at the clubroom in the evening. All proceeds will go to finishing the basement. Look around your basements and attics for any useful thing that you would like to discard, and bring it down to the lodge or give it to Dick Merrill, who is chairman of the event. We only ask that it be in working condition. We might even let you buy it back, if you like.
